

Artemio Hoyos

Artemio Hoyos is a graduate of the University of Arizona. He began his planning career with Caltrans, District 10 in Stockton, California. There Mr. Hoyos gained experience in Goods Movement Planning and in developing Transportation Concept Reports (detailed state route planning reports) for the Systems Planning section. He then came back to Arizona to work for ADOT's Transportation Planning Department, primarily providing liaison duties for the CAAG and SEAGO council of governments. Mr. Hoyos moved on to PAG where planning focused on various transportation issues in the Tucson metropolitan area and he is now closing in on his fourth year with the Pascua Yaqui Tribe. The Tribe has allowed Mr. Hoyos the opportunity and flexibility to revive the transportation program on the Reservation. It is Artemio's goal to have the Tribe be a leader in product, planning, and implementation.
