# Guidance

## Initial ARRA Project Plan (Form: FHWA-1586)

This section covers the by-project information to be provided by each State which accounts for how it plans to invest its allotment of ARRA funding. The list needs to be consistent with the list of projects provided in the State's Section 1511 certification, as it may be amended. States should provide their best estimates of complete list of projects to be funded with ARRA grants as of the plan's due date. If a State has not programmed all ARRA funds by that time, that information should be provided as well. The project list should be provided in an electronic format that allows for data sorting. For the purpose of this initial project plan report, the State may provide the Section 1511 list of projects if that list of projects provides all data are listed below. Simply referencing the STIP will likely not be sufficient, since most do not contain all of the required data. These data will be used for meeting the reporting requirements of Sections 1201, and 1512. The data are also used to link together State DOT and FHWA provided ARRA project data.

**FEDERAL LANDS:** This section covers the by-project information to be provided by each Federal Lands Division, Federal Lands Management Agency, or Tribe which accounts for how the recipient plans to invest its allotment of ARRA funding.

This form will be provided to all Tribes and the BIA for collection of data. Tribes under IRR Program Funding Agreements (FHWA Tribes) will email their completed Form 1586 to FLH HQ Official Mailbox and Bob Sparrow. All other Tribes will work with their respective BIA Regional offices in order to complete their Form 1586. Form 1586 must include only projects listed on an approved TIP.

**Format:** The file can be provided as either a geospatial information system (GIS) shapefile, or an MS Excel spreadsheet.

**Due date:** By March 31, 2009. The State shall provide an additional list of projects within 2 weeks of the State issuing a new Section 1511 certification until September 2012.

**FEDERAL LANDS:** Updates to Form 1586 are due within 2 weeks of a change to the current list

**Due to:** The States will e-mail their list of projects to: [ARRA.Submittal@dot.gov](mailto:ARRA.Submittal@dot.gov), with a copy sent to the FHWA Division Office official mailbox ([state.fhwa@dot.gov](mailto:state.fhwa@dot.gov)). Questions should be directed to [ARRA.Questions@dot.gov](mailto:ARRA.Questions@dot.gov). Submittal of data to this e-mail account will not qualify as the required submittal under section 1511.

**FEDERAL LANDS:** Federal Lands Division Offices, Federal Lands HQ, and Federal partners will email their list to: [ARRA.Submittal@dot.gov](mailto:ARRA.Submittal@dot.gov), with a cc sent to the FLH HQ Official Mailbox and Jeff Mann.

"This collection of information is voluntary and will be used to determine eligibility of project for possible Federal funding. Public reporting burden is estimated to average 30 minutes per response, including the time for reviewing instructions searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Please note that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection is 2125-0623 with an expiration date of 9/30/2009. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Information Collection Clearance Officer, Federal Highway Administration, 1200 New Jersey Ave SE, Washington, DC 20590".
